

# Dancalf™

Dancalf contains vitamins, minerals, trace elements, and Bovatec. DANCALF also contains the ionophore BOVATEC which has a proven anticoccidial action. Coccidial outbreaks impair heifer growth and feed efficiency. Trial data shows that feeding BOVATEC to calves provides substantial savings in feed costs and other costs arising from ill health.

## Active Constituents (per 4g dose):

Vitamin A	10,000 iu	Vitamin C	60	mg
Vitamin D3	1,600 iu	Biotin	0.04	mg
Vitamin E	24 iu	Manganese	18	mg
