

DietCheck™

DietCheck is a computerised diet analysis program customised for New Zealand conditions, to optimise production, fertility and profitability.

- Specific to your cows, your feed and your farm.
- Get to the bottom of underlying nutritional issues that can be the root cause of problems occurring in your herd.
- Avoid paying for unnecessary supplements.
- Ask your Nutritech Animal Nutrition Specialist for a free DietCheck consultation today.

Getting these 3 factors right has a major impact on maximising production, fertility and profitability.

DietCheck™

Balancing your herd's diet.

Results on your cow's actual diet
